Summary

I am a B.Sc IT student with hands-on experience in Android Development, Frontend Development, and Data Analytics. I have worked on real-world projects including:

- RapidAid – Smart Emergency Response Android App (Kotlin + Jetpack Compose + Firebase)
- Interactive Power BI Dashboards
- Responsive Web Applications

Through my internships at CodeAlpha and personal projects, I gained practical experience in:

- Android Development (Kotlin, Jetpack Compose)
- Firebase Realtime Database & Location Services
- HTML, CSS, JavaScript (Responsive UI)
- Power BI, Data Visualization & Dashboard Design
- Problem Solving & Clean UI Implementation

I enjoy building user-friendly applications and transforming raw data into meaningful insights.

Currently open to:

- Android Developer (Entry-Level)
- Data Analyst Roles
- Frontend Developer Opportunities
- Internships & Project-Based Work
